1. The only military quarters in Eilenburg (N 52/E 32) in which troops were observed on 25 August 1950 was the Artillerie Kaserne on the southeastern edge of town. Gate guards there wore red-bordered black epaulets. No training activity was observed in the billeting area. Local residents said that only about 50 soldiers were quartered there at that time. Only eight windows of the whole installation were lighted on 25 August 1950. *

Comment. The information indicates that the units of the 8th Gds Recz Div from Eilenburg were still at the Koenigsbrueck troop training grounds on 25 August 1950.
